

FAQ – Tuning into Live Q&A Sessions/Interactive Pre-cons:

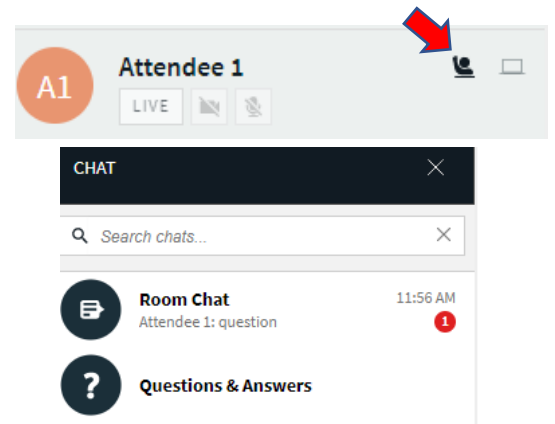

Live Q&A sessions (or discussion/demos), as well as interactive Pre-Con sessions, will be delivered using the Kaltura Meeting Experience (KME), which is embedded into our event platform RainFocus.

You will need to add these sessions to your schedule before you can join them.

How to engage with the session and speaker

You can use the following actions, unless given special permissions by the speaker/moderator of that session:

1. Raise your hand
2. Type something into the room chat
3. Ask a question using the Q&A

When you enter the room, your mic and camera will have been disabled by the speaker/moderator.

Speakers/moderators can decide to unmute all microphones or allow videos, and you will be able to turn on your mic and/or video. You will see this notification:

This will give you more permissions to actively participate in the session.

Speakers/moderators can also bring you on stage, you will see the greyed out “live” button turn red when you are brought on stage.

How will the session look for me

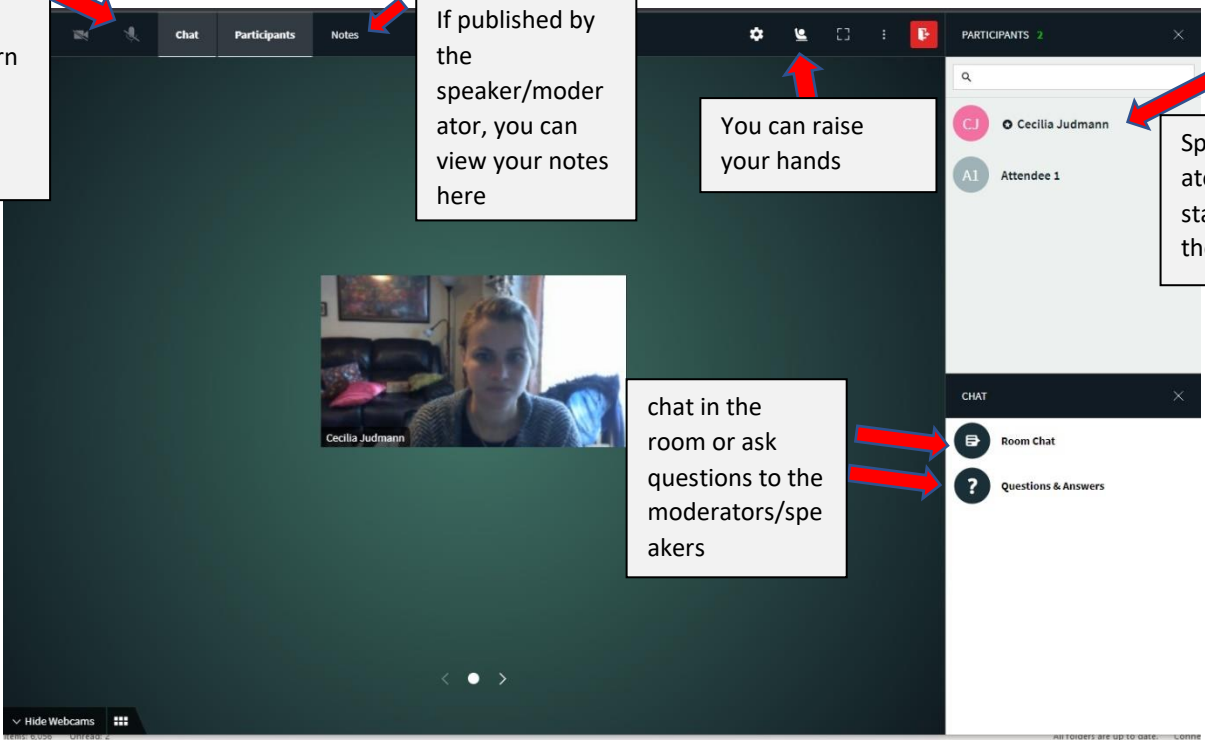

If enabled, you can turn on their videos and mics here

If published by the speaker/moderator, you can view your notes here

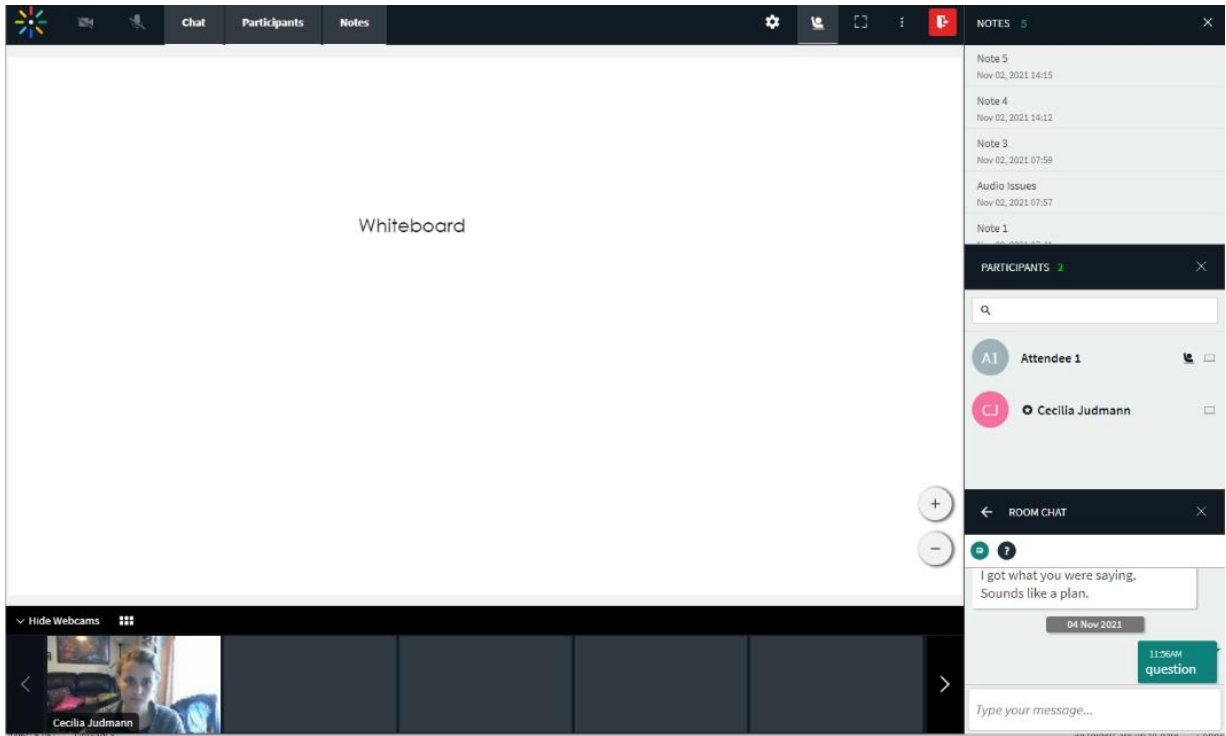

You can raise your hands

Speakers/moderators have a star against their names

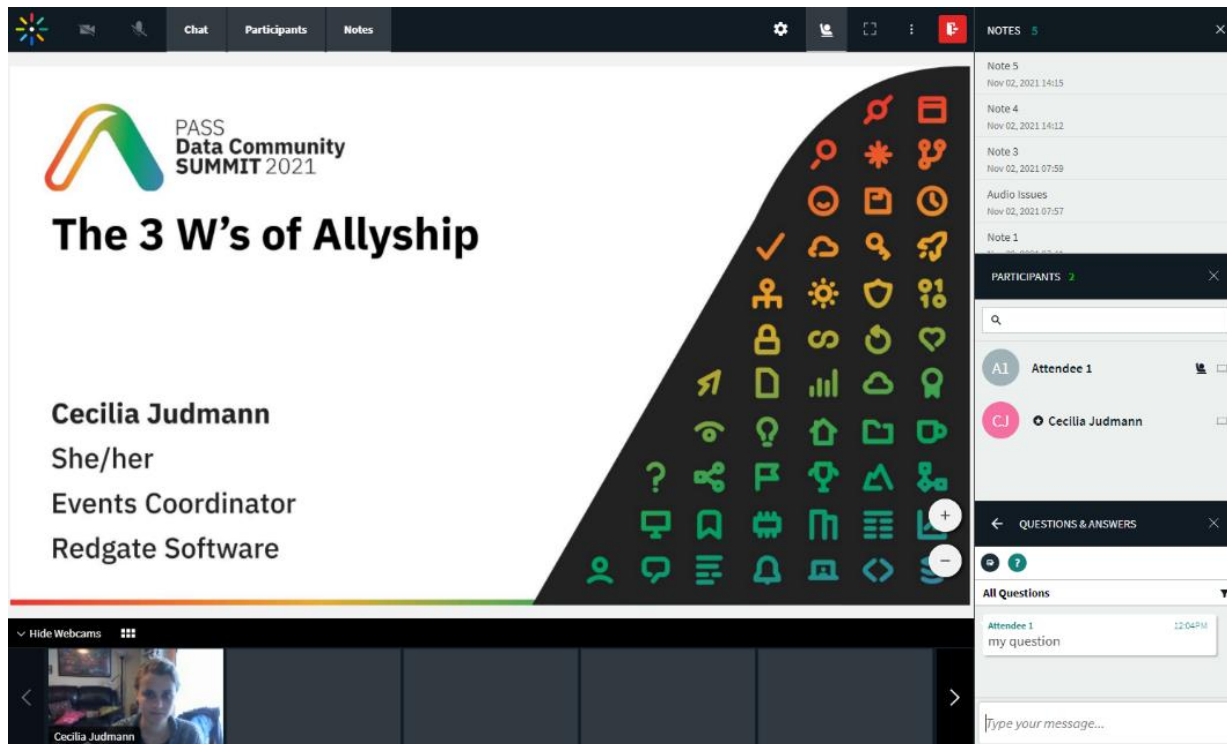

chat in the room or ask questions to the moderators/speakers

In this example, the whiteboard is enabled, and the speaker/moderator has shared notes with you.

In this example, the speaker/moderator is sharing a PowerPoint presentation with you.

The screenshot displays a Zoom meeting interface. The main content area shows a PowerPoint slide with the following text: "PASS Data Community SUMMIT 2021", "The 3 W's of Allyship", "Cecilia Judmann", "She/her", "Events Coordinator", and "Redgate Software". The slide is partially obscured by a dark overlay containing various icons. On the right side, there is a sidebar with several panels: "NOTES" (showing a list of notes), "PARTICIPANTS" (showing "Attendee 1" and "Cecilia Judmann"), and "QUESTIONS & ANSWERS" (showing a question from "Attendee 1" at 12:04 PM). At the bottom left, there is a "Hide Webcams" button and a video thumbnail for "Cecilia Judmann".

How do I leave the session?

Click on the red door icon to leave the session. Or navigate out of the session page.
